Director of Civil Engineering

efernandez@breendesign.com | www.breendesign.com

### Education

B.S., Civil Engineering, 2011  
California State University,  
Long Beach, CA

### Experience

BREEN Design Group, Torrance, CA  
Director of Civil Engineering,  
February 2022 to Present  
Civil Engineering Designer,  
2012 to 2022  
Civil Engineering Intern, 2011

Evan was promoted to Director of Civil Engineering in early 2022, having been with BREEN for 10 years. He oversees a talented group of engineering staff. Evan has the technical and managerial responsibility for various project types involving low impact development (LID), grading plans, storm drainage, hydrology and hydraulics calculations, street plans and utility projects. One of his primary focus points in the industry is stormwater design within the greater Los Angeles and Orange County areas. Evan collaborates with architects, landscape architects, and engineers to find innovative and creative civil design solutions in multi-family housing projects, community parks and variety of public and private commercial developments. Evan's skill sets include site grading & drainage, stormwater solutions, water retention, ADA/CA-Title 24 regulations, site hardscape & landscape and sustainable design. Evan has extensive experience with state, city and county regulatory agencies including LA County Public Works.
